PROFESSIONAL OBJECTIVE

Dedicated IT Engineer and Full-Stack MERN developer with a focus on building scalable, high-performance web applications. Eager to leverage strong technical proficiency in React.js and modern JavaScript to contribute to innovative development teams, drive product excellence, and solve complex user-facing challenges.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

Backend & DB: Node.js, Express.js, MongoDB

Tools: Git, GitHub, RESTful APIs, VS Code, Linux

PROJECTS

Professional Portfolio Website | [GitHub Repository](#)

- Developed a fully responsive personal portfolio using React.js and Tailwind CSS.
- Showcased technical projects, resume, and contact integration with smooth animations.

Full-Stack Job Portal | [GitHub Repository](#)

- Engineered a MERN-stack Job Portal featuring user authentication, job listing/searching, and application tracking.
- Integrated RESTful APIs for secure backend communication and data management.

EXPERIENCE

Web Developer Instructor | MK Tech Lab

2026

- Mentored 50+ students in React.js and responsive web development.
- Prepared course materials and practical React coding sessions.

Web Developer | University of Sindh

2025

- Developed internal web interfaces using React.js and Tailwind CSS.
- Collaborated using Git to streamline UI development.
